

colorescience®  
BEAUTIFUL HEALTHY SKIN

# BEAUTIFUL HEALTHY SKIN

Originally crafted for vulnerable post-procedure skin, Colorescience® health-forward formulas have improved millions of lives by providing confidence and reassurance to women of all ages, skin types, and concerns.

Trusted, recommended, and personally used by thousands of physicians, our uncompromising products offer 365-day protection against UV rays and other environmental stressors.

Blendable and breathable, our line features custom-refined minerals and nutrient-rich ingredients—everything your skin needs to age well, nothing it doesn't.

Colorescience® sets the standard for beautiful, healthy skin care. Immediate radiance, lasting results—that's our commitment to you.

# OUR DIFFERENCE? JUST ADD WATER.

This simple test demonstrates the uncompromising quality of Colorescience® formulations. Imagine the water is your skin.

**COLORESCIENCE®  
FORMULATIONS**

- + PURE NATURAL MINERALS**  
Ideal for sensitive or breakout-prone skin types.
- + PHYSICAL PROTECTION**  
Scientifically proven levels of zinc oxide and titanium dioxide designed to reflect harmful rays from reaching your skin.
- + BREATHABLE BARRIER**  
Pure, water-resistant formulas form a protective barrier on skin, preventing moisture loss.

# OUR COMPETITION

Now, imagine *this* water is your skin.

**OTHER MAKEUP  
FORMULATIONS**

- **IMPURE INGREDIENTS**  
Can clog pores and harm the health of your skin.
- **CHEMICAL SUNSCREEN**  
Penetrates, filters and absorbs harmful rays into your skin.
- **CAKEY COVERAGE**  
Mass processed minerals muddy the water and sink to the bottom of the beaker. If this were your skin, they would clog your pores.

# UV PROTECTORS

Colorescience® UV Protectors deliver non-chemical sunscreen with defense from environmental stressors, infused with antioxidants. Gentle enough for every skin type, layered protection has never been this easy to apply and reapply throughout the day.

## SUNFORGETTABLE® BRUSH-ON SUNSCREEN SPF 50

Beauty begins with protected skin. Sunforgettable® Brush-on Sunscreen offers powerful SPF 50 UVA/UVB defense, alone or over makeup. Sheer, natural-looking finish—one simple, on-the-go application.

## SUNFORGETTABLE® BRUSH-ON SUNSCREEN SPF 30

Beauty begins with protected skin. Sunforgettable® Brush-on Sunscreen offers powerful SPF 30 UVA/UVB defense, alone or over makeup. Sheer, natural-looking finish; water-resistant SPF—one simple, on-the-go application.

# TREATMENTS

Each Colorescience® award-winning treatment was designed to target specific concerns of sensitivity and redness, pigmentation, and aging, providing immediate and long-term benefit for total skin health. Crafted with clinically-tested, proprietary formulas, each product is gentle on even the most sensitive skin types.

**ALL CALM™**  
CLINICAL REDNESS CORRECTOR SPF 50\*

This 3-in-1 proprietary formula instantly neutralizes redness, helps soothe and calm sensitive skin, and provides SPF 50 protection while its patent pending BioSolace™ complex helps provide ongoing relief from sensitivity and the appearance of redness.

*\*Available early 2018*

**EVEN UP®**  
CLINICAL PIGMENT PERFECTOR® SPF 50

Brighten, correct and protect your skin with Colorescience® Even Up Clinical Pigment Perfector®. Its patent pending LUMIRA® complex is clinically tested to diminish the appearance of discoloration and immediately blur stubborn brown spots, while zinc oxide and titanium dioxide deliver chemical-free UV and environmental protection.

**ANTI-AGING SERUM**  
DECAPLEX 10® PEPTIDE COMPLEX

Ideal for all skin types, Colorescience® Anti-Aging Serum is a clinically tested treatment that features our Decaplex-10® peptide blend, hyaluronic acid, and cosmetic enhancing ingredients to diminish the look of wrinkles and rejuvenate your skin.

# SKIN PERFECTORS

Colorescience® award-winning, custom-created 3-in-1 face primers extend makeup wear, help diminish the look of fine lines and pores, while addressing specific skin concerns and providing color correction with targeted ingredients.

Recommended by the Skin Cancer Foundation for daily use, each Skin Perfector provides non-chemical broad spectrum UV and environmental protection.

## **BRONZING PERFECTOR SPF 20** 3-IN-1 FACE PRIMER

You're on vacation every day with Colorescience® Bronzing Perfector. Extended makeup wear and the instant sun-kissed tint you crave; while zinc oxide and titanium dioxide deliver chemical-free UV and environmental protection.

## **BRIGHTENING PERFECTOR SPF 20** 3-IN-1 FACE PRIMER

Brighten your complexion, remove dullness, and extend makeup wear; while zinc oxide and titanium dioxide deliver chemical-free UV and environmental protection. Colorescience® Brightening Perfector provides an illuminating boost for your skin in a whipped, soft yellow tint.

## **CALMING PERFECTOR SPF 20** 3-IN-1 FACE PRIMER

Soothe sensitive skin and extend makeup wear while zinc oxide and titanium dioxide deliver chemical-free UV and environmental protection. Colorescience® Calming Perfector provides daily confidence in a whipped, universal golden-nude shade.

## **MATTIFYING PERFECTOR SPF 20** 3-IN-1 FACE PRIMER

Control shine and blur imperfections of acne-prone skin while zinc oxide and titanium dioxide deliver chemical-free UV and environmental protection. Colorescience® Mattifying Perfector helps absorb oil and primes in a whipped, silky universal nude shade.

# FOUNDATIONS & CONCEALER

Colorescience® antioxidant- and vitamin-infused, broad spectrum SPF 20 & 30 foundations come in two finishes — liquid or pressed — and a considered shade selection that provides sheer to full coverage for porcelain to deep skin tones. Conceal and finish with Mineral Corrector Palette; featuring five skin-neutralizing shades – blendable to match any skin tone.

## **TINT DU SOLEIL™** WHIPPED FOUNDATION SPF 30

Nourish and even out complexion with Colorescience® Tint du Soleil™. Multi-vitamin complex, peptides, ceramides, and milk lipids improve the appearance of skin tone while the creamy, hydrating whipped formula feels like bare skin at its best. All while zinc oxide and titanium dioxide deliver chemical-free UV and environmental protection.

## **NATURAL FINISH PRESSED FOUNDATION** SPF 20

Forget you're wearing foundation with Colorescience® Natural Finish Pressed Foundation. A lightweight, hydrating, and protective formula that reveals your smoother, radiant complexion. Available in a range of shades suitable for a variety of skin tones.

## **MINERAL CORRECTOR PALETTE**

This versatile palette instantly corrects the look of imperfections. Complete with five shades to neutralize red, blue, and yellow tones, Mineral Corrector Palette provides long lasting, natural-looking coverage.

# ENHANCERS

Colorescience® Enhancers offer breathable, healthy radiance for eyes and face. Correct, conceal and highlight using natural, nutrient-infused mineral pigments.
